

Dental Hygiene Class of 2022 - Required Classes for Fall 2020

You may begin registering for your classes as soon as your priority number allows. Check the Fall '20 Schedule of Classes for the section number and days and hours of each class.

Please note: if a lab section is closed, faculty **cannot** move students from one section to another.

DE 50: is a hybrid, combination online and in-person class (4 in person class meetings listed in schedule). These are restricted lecture classes for students accepted into the Dental Programs, dental assisting and dental hygiene. You received an add code with your welcome information letter.

DE 51: These are restricted lecture classes for students accepted into the Dental Programs, dental assisting and dental hygiene. You received an add code with your welcome information letter.

DE 55A: 5 labs to choose from, restricted to dental hygiene only. You will need an add code from Professor Poovey, contact her at jpoovey@santarosa.edu with your first and second choice of labs and proof of enrollment priority to receive add code.
