**Kilgore link to order open from Monday July 6 to Monday July 20, 2020**

- 1) Log into '[www.kilgoreinternational.com](http://www.kilgoreinternational.com)'
- 2) In the upper right hand corner next to 'Welcome', place your cursor over 'Products' until the drop down appears. Then, click onto 'School Course Links'
- 3) The Password Page will appear. Type 'Schools2020' (*with a capital S*) and click enter
- 4) A list of Schools and Institutions will appear. Click onto 'Santa Rosa Junior College (DA)' to review your kit.
- 5) Add the kit to cart and use your credit card information to purchase

Anyone placing an order after the deadline of July 20, 2020 will need to contact Kilgore directly and place an individual order. Kilgore will quote a revised price based on shipping to the student's home address, which could be more than shipping in bulk to SRJC.

All order placed through this link will be shipped in bulk to SRJC by Tuesday July 28 and will be distributed in DA 62 as soon as they arrive.

Model includes sealant teeth in #3, 8, 13, 19, 28; caries teeth in #5 (MO), #10 (D/CL II), #21 (CL V B/F), #30 (M/O/D/B/L) and a composite tooth in #9 for calibration of the caries detection unit. All remaining teeth are standard melamine dentition. (All teeth are screw-retained)

Kilgore California RDA Preps available for this model include UR64K (tooth #3), UR11 (tooth #8), UL66G (tooth #14), LL64N (tooth #19), LR66M (tooth #30). All RDA Preps are light blue in color.

*Each year the dental assisting students will purchase a model from Kilgore. You will not be able to resell these models to next year's class.*

**All students must have their typodont by the first week of school.**
