Santa Rosa Junior College

DENTAL HYGIENE TEACHING CLINIC CONDITIONS OF TREATMENT

GENERAL INFORMATION: The Dental Hygiene Clinic at SRJC is primarily a teaching clinic; therefore patients receiving dental care will be participating in the teaching program. Treatment will be performed by dental hygiene students and will be supervised by members of the SRJC Dental Programs faculty. Treatment under supervision requires more time than if done in a private dental office and may require multiple appointments lasting approximately three hours each. You should continue to visit your general dentist on a regular basis for routine examinations and dental treatment. The SRJC Dental Hygiene Clinic may refuse to treat patients who do not have routine dental examinations or have dental disease which requires dental disease considerations falling outside our scope of treatment.

APPLICATION TO BECOME A PATIENT: Only patients whose care is suitable for teaching purposes are eligible for treatment in the SRJC Dental Hygiene Clinic. All patients require an initial evaluation to determine eligibility. It may be necessary for treatment to be performed by multiple students in order to complete treatment. SRJC reserves the right to deny acceptance into treatment in the SRJC Dental Hygiene Clinic if it is determined that a patient would not be an appropriate educational opportunity. It is your responsibility to keep your contact information current so that students may contact you.

CONSENT TO DENTAL PROCEDURES: Before receiving treatment, you should ask the student about the procedure(s) that she/he recommends you undergo, and ask any questions you may have before you decide whether or not to give your consent for the procedure(s) to be done. All dental procedures may involve risks or unsuccessful results and complications, and no guarantee is made as to result or cure. You have the right to be informed of any such risks as well as the nature of the procedure, the expected benefit, and the availability of alternative methods of treatment. You have the right to consent to or refuse any proposed procedure at any time prior to its performance. Conversely, Santa Rosa Junior College Dental Hygiene Clinic reserves the right not to perform specific treatment requested by you if it violates the standard of care in dentistry and/or dental hygiene care or does not contribute to the student's educational opportunity.

PHOTOGRAPHS: Patient photographs may be taken to document a condition, examination findings and/or for teaching purposes.

FINANCIAL RESPONSIBILITIES: Patients who receive treatment in the SRJC Dental Hygiene Clinic will be charged for treatment according to the fee schedule in the clinic. Fees are collected prior to beginning treatment; patients must be prepared to pay for services before procedures begin. SRJC will not file any claims for dental insurance.

DENTAL RECORDS: The records, x-rays, photographs, and other materials relating to your treatment in the SRJC Dental Hygiene Clinic are the property of the SRJC Dental Programs. You have the right to inspect such materials or request copies in writing. We will comply within 15 business days. SRJC may charge a reasonable fee for this service. You may also request to have your dental x-rays sent to another health care provider. In addition, your medical/dental records may be used for instructional purposes and if they are, your identity will not be disclosed to individuals not involved in your care and treatment.

KEEPING YOUR APPOINTMENTS: Patients are required to be on time for their appointments. If you find that you are unable to keep an appointment, you must notify the student or clinic office at least 24 hours in advance. Cancellations without 24-hour notice, missed appointments, or repeated unsuccessful attempts to arrange for an appointment may be cause to discontinue a patient from further treatment in the SRJC Dental Hygiene Clinic.

PRODUCT DISCLAIMER: Dispensing of products does not constitute an endorsement from SRJC or the Dental Programs

Your signature on this form certifies that you have read and understand the information provided on the form, that you have received a copy, and that you accept dental hygiene care under the described terms and conditions.

Privacy Policies and Practices of the Allied Dental Programs
Santa Rosa Junior College

THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION MAY BE OBTAINED/REVIEWED BY OUR FACULTY AND STUDENTS. PLEASE REVIEW IT CAREFULLY.

You are a valued participant in our educational program and we are vitally interested in protecting the privacy of our patients. To do so we have developed privacy policies and procedures. This notice describes how we safeguard this data so that your health information will not be compromised while you are a patient in our clinics.

- "Protected health information" is individually identifiable health information transmitted or maintained by electronic or other media.
- We use and disclose only the minimum protected health information to perform services for you. Examples of such use and disclosures are:

Treatment

We use and disclose health information to treat patients by way of health history forms and consent for treatment forms, and clinical records involved in the provision of all services provided by the students/faculty in the SRJC Dental Clinic. We may obtain this data from you directly or from another health care provider. We may disclose this health information to another health care provider or within our educational facility as it pertains to your treatment in the SRJC Dental Clinic.

Operations

We use and disclose protected health information for activities that are related to the educational requirements of the college, accreditation requirements and related curriculum. This may include calibrating the performance of our health care professionals, conducting training, accreditation, and licensing or credentialing activities.

Authorization

We may use protected health information for other purposes only if you have authorized us in writing to do so. However, we do not use patient health data in this way and will not ask your authorization to do so.

- **We limit how, when and where we may disclose protected health information. When we do so, we disclose only the minimum information required. Examples include:**

Law

We must disclose protected health information if required by law, a warrant or court order, or to report information about a crime victim.

Public Health

We may disclose protected health information to public health or government oversight agencies as authorized by law.

Safety

We may disclose protected health information to prevent a serious threat to the health and safety of a student or others from taking place.

Government

We may disclose protected health information as required by the military or federal government for national security and intelligence activities.

* We protect your rights regarding your office's protected health information. Patients have rights regarding their protected health information. These rights include:

Access

Patients may review and obtain a copy of the protected health information we keep.

Accounting

You may request that we account for any disclosures we have made of protected health information. This request must be in writing and may not be for a period longer than six years and not include dates before January 14, 2014.

Restriction

You may request that we restrict our disclosure of protected health information. However, we are not required to agree to this request if it has an impact on our ADA Commission on Accreditation Guidelines and Standards.

Communications

You may request that we communicate with you about our handling of protected health information in a certain manner, time or place. Your request must be in writing and we will honor all reasonable requests.

Changes to our privacy policies and procedures

We may change the policies and procedures contained in this notice. If we make a material change in our policies and procedures we will provide you with an updated copy of our privacy practices at your request.

How to contact us regarding privacy

If you have any questions about the privacy rights of patients or this notice, complaints about how we have protected the privacy of protected health information obtained by our students, or ideas how to best improve our privacy policies please contact the person listed below. If you believe that we have violated privacy rights you may contact the Secretary of the Department of Health and Human Services.

ACKNOWLEDGMENT OF RECEIPT OF PRIVACY PRACTICES

I acknowledge receipt of the Privacy Practices and Patient Bill of Rights of Santa Rosa Junior College.

ACKNOWLEDGMENT OF FERPA REGULATION

Santa Rosa Junior College complies with FERPA and has strict policies and procedures in place governing student records and privacy. Photographs of Students are strictly prohibited while in the SRJC Dental Department Clinical Facility.

CONSENT FOR USE, DISCLOSURE AND REQUESTED RELEASE OF PROTECTED HEALTH INFORMATION

Having read and understood the Privacy Practices of Santa Rosa Junior College I hereby consent to the use and disclosure of my protected health information to carry out treatment and health care operations. I also consent to the release of my information upon my request, to the location of my choice. I understand that my records will be accessible for 7 years. I understand that I am not required to give this consent in order for the program to use my protected health information for treatment and health care operations. I also understand that I may revoke this consent in writing by submitting the revocation to the Program Director listed on the Privacy Practices notice. I further understand that if I decline to give my consent, or if I revoke it, the program will decline to perform procedures on me.

By signing below, I acknowledge that I have had the opportunity to read and ask questions regarding these policies and regulations:

Dated: ___________ **Print Patient Name:** ____________________________

Signature of Patient: ____

If you wish to revoke your consent for any of the above, please ask the front desk for a Revocation of Consent form

Note: Keep white copy of this document in patient chart. Yellow copy is for patient.
